

ASDAN is an education charity and awarding organisation. It provides flexible and engaging programs and qualifications that help young people develop skills for learning, work and life.

ASDAN's programs and qualifications for secondary schools range from helping learners make a successful start in secondary education to boosting engagement and motivation, developing core skills, and enhancing academic performance.

VISION AND VALUES

ASDAN recognises that young people are multi-talented and celebrate that diversity, seeking to:

- encourage, engage and motivate learners
- promote active and experiential learning
- raise the expectations of learners
- reward a range of learning styles and contexts
- use assessment to further learning
- make learning relevant and transferable
- promote the worth and value of all programs and thereby recognise the potential to transform the abilities and achievements of ALL learners.
