

## **YOU'RE INVITED TO THE CQUNI MACKAY UNI EXPERIENCE**

Uni Experience is a valuable opportunity for your Year 12 students to experience a day in the life of a uni student and get a taste of post-school study. Our event is a great way to inform and excite students about studying and kick start the conversation in the lead up to applying for University or TAFE.

### **What to Expect**

Your students will choose two study areas of interest and participate in interactive, hands-on sessions delivered by CQUni teaching staff. On the day, students will receive a personalised timetable which they'll need to navigate just like uni students.

### **Study Areas**

Our study areas available to choose from include:

- Accident Forensics
- Beauty and Hairdressing
- Business, Accounting and Law
- Chiropractic Science
- Conservatorium of Music – Drama, Music
- Digital Media
- Education
- Engineering
- Fitness and Exercise Sports Science
- Hospitality
- Medical Imaging and Medical Sonography
- Nursing and Midwifery
- Pathways
- Science and Environment
- Trades Training Centre

### Other Highlights

Other highlights of Uni Experience include hearing from CQUni Alumni who will share details of their learning journey, plus students will get a glimpse into the social and cultural aspects of uni, find out about study support and scholarships, and get all their questions answered by our friendly CQUni staff and students.
