

Year 12 students are invited to the CQUNI Mackay UNI Experience

Uni Experience is a valuable opportunity for our Year 12 students to experience a day in the life of a uni student and get a taste of post-school study. This event is a great way to inform and excite students about studying and kick start the conversation in the lead up to applying for University or TAFE.

Students will choose two study areas of interest and participate in interactive, hands-on sessions delivered by CQUni teaching staff. On the day, students will receive a personalised timetable which they'll need to navigate just like uni students.

Study areas available to choose from include:

- Accident Forensics
- Beauty and Hairdressing
- Business, Accounting and Law
- Chiropractic Science
- Conservatorium of Music
- Digital Media (Film & TV Production)
- Education
- Engineering
- Fitness, Exercise Sports Science
- Hospitality
- Medical Imaging, Medical Sonography
- Nursing and Midwifery
- Pathways Science and Environment
- Trades Training Centre

Other highlights of Uni Experience include hearing from CQUni Alumni who will share details of their learning journey, plus students will get a glimpse into the social and cultural aspects of uni, find out about study support and scholarships, and get all their questions answered by the friendly CQUni staff and students.
